Hello Father Chauncey,

I'm writing to confirm a message I left for you today. I heard that you will be transferring to Phoenix in July and thought it would be great to write a feature story profiling you, your accomplishments, and your vision for Our Lady of the Lake in the future. Brandon Bowers, the editor of "Today's News-Herald," has greenlighted the story, so I'm very excited to have the opportunity to interview you again and allow you to share your thoughts on these topics. It's only April, yet your winter visitors will begin their journeys home soon, and it would be great for them to be able to read the story while they are here.

Please call me at your convenience or have your representative contact me to schedule the interview. I'm available any day for the next two weeks except next Wednesday when I have a doctor's appointment. The interview will take about an hour, and afterward, I will need to speak with you again to have you confirm my facts. We can do the interview on the phone, and the fact check in person or the interview in person and the fact check on the phone. The fact check will take about 20 minutes or less, depending on how good my note-taking was. I'll take some pictures of you in the church when we meet in person.

**Question: I would like to go to your Easter Mass and take some non-flash pictures of you from my seat with my phone. Would that be permitted?**

Attached are a couple of stories I have written about you and the church previously and our picture. (I haven't aged too bad, but I have a beard now.)

I appreciate your consideration of cooperating with this story. I'm excited to have the opportunity to write it. Thanks.

Sincerely,

Buck Dopp
